

Citizen based DRR to reduce disaster toll in the Himalayas

The Himalayas are experiencing disasters increasing in scale & frequency...

46 million people in Indian Himalayas are at high risk...

Let's embrace a participative solution...

DMS Himalaya

A citizen-integrated DMS specific to Himalayas

Citizen Science & Early Warning System (CS&EWS)

Relief Information System (RIS)

- Reduced risk of disasters
- Enhanced local resilience
- Effective humanitarian interventions

A PRAGYA innovation
